FIIGEE is a subsidiary of 20STM Group

OUR EXPERTISE

VIRTUAL, AUGMENTED, SHARED & MIXED REALITY

We design, produce and develop immersive and interactive experiences in ubiquity, virtual, augmented and mixed reality, as promotional and educational tools.

AUDIOVISUAL PRODUCTION & POST-PRODUCTION

(INTERVIEW - PUB - DRONE - 360° - MOTION DESIGN - ANIMATION 2D/3D - MOOC - LIVESTREAM)

Whether it's filming a series of reports, capturing the beauty of an emotion or creating an animation, we take care of everything from storyboard to post-production.

DIGITAL SCENOGRAPHY

We design and manage exhibitions and fully immersive events by combining our know-how about unique experiences (interactive, tactile and auditive) with a strong gamification component.
